

Largs & District Horticultural Society

“From Small Holding to Garden” an illustrated talk

George Watt

Convener of the Ayr branch of the Scottish Rock Garden Club

Wednesday 6 March 2019

7.30pm

St John's ToCH, Bath Street, Largs

George will describe how he and Sue Simpson lovingly converted six acres of farmland near Drongan into a beautiful garden. Where once was pasture now are rock beds, grassy areas, mown paths, trees, shrubs and a western hemlock enclosed formal garden.

Now retired, in the past George studied horticulture at Auchincruive and went on to teach biology. Today he is the Convener of the Ayr branch of the Scottish Rock Garden Club. Sue, his wife, grows prize-winning alpinists.
